4♥=8 playing tricks, no void / good side suit
4♠=9 playing tricks, no void
4N/5 ... /5 ... = 9 playing tricks, void 4/... / , relay=EKCB
```

For defensive bidding

Note 10 Sunken

2♣=♦ or ♥+♠

We also use transfer weak jump for strong 1♣ opening but not for 1♣-1♦ sequence. If it's strong 1♦ opening, the 2♣ is unavailable due to Sunken, others keep same.

2 = (long single or short 3 suit), 3 = (long sing

Note 11 DOST (comes from Farsi, pronouncing like /dus:t/)

Use case: Anti Polish Club style (nebula) 1♣ opening:

We use this convention to replace normal 1NT, other overcalls keep like normal 5542 1.

 $(1 \clubsuit)$ -1N and $(1 \clubsuit)$ -p - $(1 \spadesuit)$ -1N can be

- 1. Very strong NT (19-20) [with 15-18 and 21+ BAL, then x instead]
- 2. Good single suit $\phi/\psi/\phi$, middle range (too strong for weak jumps but not good for 1x overcall)
- 3. (When opps use precision 2* opening) Weak 3 suit with 4+* (When opps use 1* for 11-14 nat*'s) Weak 3 suit with 5+*

```
(1♣)-1N-(p) -? Or (1♣)-p - (1♦)-1N-(p) -?
```

- 2♣=non forcing relay (then pass for weak, 2♦/♥/♠ for suit middle, 2N for strong)
- 2♦=supports in ♦+M, pre-empt. Then rebid 3♣ for a major asking (3♣-3♦=both majors), 2N=strong without 4 major can be check-back, others are nature
- 2♥=supports in majors, pre-empt. Then 2N=strong without 4 major
- 2♠=forcing relay. Then 2N=mid (then 3♣ to ask suit), 3♣=weak (then 3♦=ask short, others nat), 3♦=strong both M, 3♥/♠=strong with M, 3N=strong no M
- 2N=inv to 3N/4M for middle range ~12-14FP with ♣ supports (stops). Then 3♣=weak 3 suit, 3♥/♠=mid 1 suit and min, 3N=mid 1 suit e ♦ and max, 4♥/♠= mid 1 suit and max; 4♣/♦=strong BAL w/wo 5+suit followed with suit asking and slam bidding sequence, forcing to 4N

Higher=nat

If opp doubles 1N, pass is forcing to xx if not 19-20 BAL, and then rebid is escape; xx is want to play own suit (will puppet to 2* if not 19-20 bal, otherwise pass).

If opps overcalls 1N, then x is for cooperation (bid if weak, else penalty), 2N is support all unbid suits and some strength to support 3N if partner is strong NT, others are nature.

Note 12 Anti FN system 1x opening

(1♣)-? x=♦ or ♥+♠ (weak) or very strong NT 1♦=♥ or ♦+♠ (weak)

```
1♠=weak or mid 3 suiter
1N=BAL or 3 suiter (strong)
2♣=mid or strong Michaels
(1♦)-?
x=\Psi or ++\Phi (weak) or very strong NT
1 v=♠ or v+♣ (weak)
1♠=♣ (weak or mid) or ♥+♠ (weak)
1N=BAL or 3 suiter (strong)
2♣=weak or mid 3 suiter
2♦=mid or strong Extend Michaels
(1♥)-?
x=4 or 4+4 (weak) or very strong NT
1♠=♣ (weak or mid) or ♦+♠ (weak)
1N=BAL (strong) or 3 suiter (mid-strong)
2♣=♦ or ♥+♣ (weak)
2 ♦=mid ♦
2♥=mid or strong Michaels
(1♠)-?
x=4 (weak or mid) or +4 (weak) or very strong NT
1N=BAL (strong) or 3 suiter (mid-strong)
2 \clubsuit = \spadesuit (weak or mid) or \blacktriangledown + \clubsuit (weak)
2 =  or +  (weak)
2♥=mid ♥
2♠=mid or strong Michaels
```

1 **♥**=**♠** or **♦**+**♥** (weak)

Note 13 Anti 2 specific suiter (Polish Club 2N, or MM Michaels, etc.)

If partner has shown one suit, then double is intend to penalty one of two suites, cue is for stop showing.

If partner hasn't shown any suit, then double is penalty suggestion (if opp bid is not real suit, then can also be equal length two suit takeout), cue is for two suits showing with lower suit better or higher suit better.

Note 14 Anti multi 2♣/♦ opening

We use two way double (x=takeout or bal 12-14 or 19+) and 15-18 2NT, 3 ♥/♠ is for good 6+ suit with upper-mid range, others are nat.

If it's multi $2 \clubsuit$, then $2 \spadesuit / \blacktriangledown$ is transfer to $\blacktriangledown / \spadesuit$, $2 \spadesuit$ is both minors.

BROWN STICKER OPENING BID ANNOUNCEMENT FORM

Names: Vera Diamond & Rainy Chan (Team Xiangya Joy, Flight A)

NCBO: BBO Intermediate & Advanced Club Event ITL Flight A&B, GCM Stage of 32+

Opening bid of 2♦ in any seat at Any Vulnerability

Shows: 5-5 two suit preempt 5-10 (in 4th is constructive with 9-14), promise at least one major suit (can be both majors), NF

Detailed Description:

Wilcotza convention.

We use this convention combined with 2NT=5-5 weak both minors, to accomplish all two suits preempt opening structure.

The main following is p/c, for safe reason, we ensure one major, intend to stop at $2 \checkmark /4$ (it's non-forcing, so $2 \checkmark$ is also possible).

The maximum hand is like KQJxx.KJxxx.-.xxx, it's 5QP since we often make 1 level open with 6+QP.

The minimum hand in non-vul is like xx.KJxxx.Jxxxx.x. and in vul is like KJTxx.x.KJxxx.xx.

Responses and Rebids in Uncontested auctions

With what hands will responder pass the opening bid?

- 1) R has own ♦ suit
- 2) R hopes the opener has ♦ suit, e.g. xxxxx.-.xxx.Qxxxx. With this hand, the opener looks like ♥+♦ two suits, 2♦ will be the best fit.
- 3) Tactical, don't want to risk in non-fit hand. E.g. x.Kxxxxx.xxxxx. The opener may have $\triangle + \blacklozenge$, however $2 \lor$ is p/c (pass or correct) and partner will eventually covert to $2 \spadesuit$, which is worse than 5-2 fit $2 \spadesuit$.

However, if opp doubled in 4th seat, the opener can only pass with real ♦ suit.

Meanings of other responses and rebids:

2♥=p/c, responder may have ♥+♠ support or ♥+both minors support in weak hand; or case to have inv strength only if opener has ♠+minor.

Opener rebids 2♠ if no ♥ suit else pass. After 2♠ rebid, the responder's 3♣ is p/c; 2NT is asking minor suit to decide further action; 3♠ is invite to 4♠;

- 3♥ is asking for stopper to try 3NT, likely there's a minor fit or 5-2♠ fit; any other new suit rebid is nat.
- 2♠=p/c, responder may have ♠+both minors support without ♥ support; or case to have inv strength only if opener has ♥+minor.

Opener rebids 3 minor if no ♠ suit else pass. After 3m rebid, the responder's 3♥ is invite to 4♥; 3♠ is asking for stopper to try 3NT, likely there's a minor fit; any other new suit rebid is nat.

2N=strong relay (then $3 \triangleq 4 + M$, $3 \neq 4 + 4 + M$, $3 \neq 4 + 4 + M$, $3 \neq 4 + 4 + M$). After $2 \neq -2N-3 = 4 + M$, the responder's $3 \neq 4 + M$ rebid is asking major, $3 \neq 4 + M$ rebid is p/c.

- 3. = single suit, nat, NF
- 3♦=let opener show best major, inv+ hand with both majors support
- **4**♦=let opener show best major, possibly preempt
- **3**♥=p/c, preempt, support for both majors
- 3♠=p/c, preempt, support for ♠ and both minors
- 3N=nat

Competitive Agreements

Pass=♦ has value, or very strong hand (due to no other methods to show good strength). After opps' double, responder's double is likely penalty.

If it's 2 - (x)-p-p-?, then opener will pass with +, xx with both majors, bid 2M when M++

xx=puppet opener to 2♥, then pass if responder has single ♥ suit; responder bids 2♠ means p/c, opener will then pass 2♠ or bid 3 minor

2♥=p/c, opener passes or bids 2♠

2♠=Nat, single ♠, NF. Opener shouldn't try 3 minor

2N=good 3 suits or bal hands, want to compete to 3 level

Responses after opponent's overcall:

If opps make $2 \checkmark / 4$ overcall:

X is competition, support in another major (can be converted when opener has length in opps' bid). 2N is negative, should bid minor first, if no, then bid another major.

Uses 2♠ to cover opps' 2♥ is nature, not p/c. Responder's 3 minor is nat and NF too. Unassuming cue bid is enabled in this situation.

If opps make nat 2N overcall:

X is penalty, 3 4/3 N=pass or correct, want to play a suit of opener. 3 4/4 = want to play a major. Others are nat.

If opps make 3 4/4 overcall:

X is penalty, $3 \checkmark = p/c$, $4 \checkmark = want to play a major. <math>3 \checkmark over 3 \checkmark is nature (inv with \checkmark)$. 4 minor is cue bid for both majors.

Rebids after 4th hand DBLs the response:

For $2 \blacklozenge -p-p-(x)-?$, the same as $2 \blacklozenge -(x)-p-p-?$ Opener will pass with \blacklozenge , xx with both majors, bid 2M when M+ \clubsuit .

Rebids after 4th hand overcalls:

X is penalty. Normally the opener cannot make other rebid unless 6-5 and max.

Proposed Defence

We suggest to use this Kokish convention,

2♦-(?)

X=12-15 bal or 19+any (bid again to show strength)

2**♥**/**♠**=nat

2NT=16-18 bal, system on

3 - / = nat

3 ♥/♠=mid-strong 6+ suit, about 13-17p

3N=gambling for one solid suit. We suggest normally for minors.

4♣/♦=this minor with an unknown major. 5-5+

4♥/♠=nat, stronger than 3M
